All over the world, we Care for Precious Life. This is the daily mission of our 7,000 employees across the globe. We Care, so parents can be reassured of an enjoyable time with their children. Dorel Juvenile’s portfolio features a diversity of brands at various price points and innovative design, supported by excellent distribution channels. With products available in more than 100 countries, we help families live carefree lives by providing them with juvenile products that rank highest in consumer reviews.
Every newborn baby incorporates the exciting promise of a new future. Because at Maxi-Cosi, we care deeply, we continuously develop new products that carry our most precious little ones in the safest and most comfortable way possible. That’s how we have grown to be the world’s most trusted and most loved child’s mobility brand. That’s how we carry the future.
Developed in Europe, Quinny is a premier lifestyle juvenile brand with a proud tradition of over 25 years in stroller mobility. At Quinny, we are dedicated to creating beautiful, seamless mobility solutions that can adapt as a child develops and grows; offering the ideal solution for the present, with an eye to the future. Innovative mobility solutions for parents who believe the city is full of opportunities and want to walk their way.
We are a team of experts in baby development and industry pioneers in creating developmental toys that support baby’s growth. We do this by seeing the world through a baby’s eyes, applying creative thinking and using the 7 Developmental Wonders™ system created by our experts, which helps us conceive products that are just right for babies’ age and stage.

We have been nurturing young children’s natural sense of exploration since 1991 and are on an ongoing quest to find new and exciting paths to guide parents and babies through the magical journey of development.
Over 30 years ago, our little yellow sign became a badge of pride for new parents. Soon after, we launched the first true collection of home safety products and began our role as the leader in child safety. This role has grown over the years as we continue to introduce new and innovative products to the market, consistently giving parents the power to keep their children safer.
For more than 80 years Bébé Confort has been committed to bringing parent and child closer together with products that embody the highest levels of comfort and ease of use. Through a range of clever and trustworthy solutions, Bébé Confort helps parents embrace their child’s daily routine of feeding, caring, playing and exploring the world with their families.
Our inspiration comes from real life; using our own parenting experiences, customer knowledge and rigorous quality testing. We create innovative products with well-thought-out designs.

Our products are designed to provide style and trust for parents, allowing them to provide the best for their children.

Our brand helps you feel relaxed, and happy to see their child safe, comfortable and stylish; because we know what is important to you and your child.

To keep your family moving forward, it’s not about having more stuff, it’s about having more smarts. COSCO baby gear is designed to help you work smarter instead of harder. Our products help busy families accomplish what they need to get done, which gives them more time to have fun doing the things they want to do.
